

## Keeping you updated!

Hope Harbor Transitional Living was established in 2023 in the heart of Gallatin Valley. Our mission is to provide financial assistance and counseling to parents and children leaving domestic abuse situations.

---

### A Testimonial

Hope Harbor Transitional Living received Nonprofit Status in November 2023. We also had our first client, Stacy (her name has been changed to protect her privacy), finish the yearlong program in May 2024. What a change Stacy went through! She entered the program, having been married for over 20 years, from a situation that had turned into a very emotionally destructive place with their 15-year-old son. Stacy came to us not knowing anything about finances, running a house, and struggling with confidence from the years of chronic negative messages and abuse. Now, she runs her home efficiently, has grown in confidence, and is enjoying an excellent relationship with her son. This is what she has to say about HHTL:

*Hope Harbor helped me get back on my feet. They were there for me financially, mentally and emotionally at a time of great uncertainty. This past year would have been so much more stressful without this support. Places like Hope Harbor play such a vital role for people facing uncertainty or crisis. They have empowered me to regain my footing and start moving in a positive direction again. Now, I am in a happy and healthy place and am able to give back to others. Thank you, Hope Harbor!*

## A Generous Donation

We were thrilled to receive a generous \$5,000 donation for 2024. However, we are still working to match this amount. Once we reach \$10,000, we will be able to comfortably accommodate another client. Currently, it's heart-wrenching to turn away those in need, but I remain hopeful more donations are forthcoming. If you know someone who shares our passion for this cause, please let me know so I can reach out to them. Their support could make a world of difference.

Call or text me at 406.579.2232  
or email [hharbortransitionalliving@gmail.com](mailto:hharbortransitionalliving@gmail.com) today!

## A Change in Policy

The board of directors recently changed the financial assistance policy to include rental assistance along with **mortgage assistance**! It is not uncommon for a woman to be stuck with the burden of the mortgage after the domestically abusive partner leaves.

Thank you for your continued support of Hope Harbor Transitional Living.  
Your prayers and giving make a difference to someone in need.
